sample

## What you do:

1. Separate candy by colors.
2. Place small handful of candies in square of Cling wrap. Gather cling wrap and twist to close end.
3. Cut Floral wire to approx 6 inches long. Fold in half.

Place base of flower inside fold and twist tightly leaving excess wire straight.

4. Place both ends of wire through center of leaves
5. Trim excess Cling wrap on flower to a tapered point.
6. Attach flower to floral pick using the wire on the pick.
7. Twist excess stem wire around pick. Cover with floral tape.
8. Make approx. 20 flowers (We made 23 for our 4" pot)
9. Cut floral styrofoam to fit inside clay pot.
10. Insert individual flowers to create bouquet.
