

# Foam Flowers Bouquet

## What you need:

- Foam craft sheets - bright colors and green
- Green chenille sticks

## What you do:

1. Cut flower shapes from foam sheets using patterns shown, or create your own.
2. Cut 2 - 3 circles out of contrasting colors. Layer onto flower shape.
3. Poke hole through all layers with sharp object (we used an exacto knife)
4. Cut leaf shape out of green foam sheet and string onto green chenille stick. Poke chenille stick through all layers of flower from back to front. Twist end into curly Q.
5. Make several and bundle together.

Flower patterns.
